MISSION STATEMENT

Excellence in Education, One Student at a Time

Overview

We offer post-secondary career education in the world of esthetics, preparing our students to achieve New York State licensure upon passing the State Board Examinations and to become professional estheticians and waxing specialists. We encourage our graduates to continue their education through advanced courses and workshops.

Atelier Esthétique Institute of Esthetics was established in 1985 by Ms. Annette Hanson after years of advanced training and practice perfecting her craft, business acumen and becoming a leading advocate in the field of esthetics.

Continuing innovation in technique and training at Atelier Esthétique Institute of Esthetics is conducted in six fully equipped contemporary classrooms, allowing for daytime (full and partial), evening and weekend esthetics courses, as well as courses in waxing/superfluous hair removal and advanced, continuing education offerings.

The Institute utilizes modern spa equipment including microdermabrasion, LED light therapy, high frequency, microcurrent, galvanic, laser and deluxe multi-function machines.

A product boutique enables students to retail and market products effectively. The educational courses available at Atelier Esthétique offer practical, hands-on sessions combined with lectures, guest speakers and manufacturer demonstrations. All of these provide students with the knowledge and technical skills necessary to obtain a New York State esthetics or waxing specialist license.

Our excellence in education leads to real world skills to succeed in the exciting world of beauty.

Welcome to Your Future

Wherever your future leads in skin care, Atelier Esthétique Institute of Esthetics is here to help prepare you. Estheticians and related occupations work in many areas with varying demands.

To be successful, this rewarding field requires passion and persistence. You must love skin care and working with people, and you must have an entrepreneurial spirit as you build your clientele. To be a professional, you must be willing to pursue excellence by continuing to study, learn and expand your knowledge base and skill set.

Estheticians and related occupations all work with skin, performing facial and body treatments, waxing and make-up to improve skin condition and relax the client. Those working in medi-spas or medical practices must expand their knowledge and skills in specific

treatments, such as chemical exfoliation, skin resurfacing, pre- and post-operative care and other specialized physician supervised services. Skin Care specialists also work in sales, creating home care regimens and expanding clients' ability to care for their own skin. Our graduates work part-time and full-time for small and large companies or independently in their own businesses.

Job Opportunities for licensed Estheticians and Waxing Specialists and for those trained in the Master Esthetics Course and Advanced Courses exist in:

- Working in Salons, Spas or Medi-Spas
- Working with Physicians or Plastic Surgeons
- Working in Laser Clinics
- Working in the leisure industry such as hotels and resorts

Some employment positions may include:

- Spa, Boutique or Counter Manager
- Sales Representative
- Cosmetic Buyer or Assistant Buyer
- Manufacturer Representative or Distributor
- Direct Sales or Presentations
- Research and Development
- Specialist in Restorative Art or Assistant to a Mortician
- Beauty Editor of a Newspaper, Feature Writer for a Beauty Blog, Magazine or Journal
- Advertising and Sales Promotion
- Writing and Lecturing
- Personnel Manager for the Hotel and Spa industry
- Business Manager or Assistant Manager of a Spa
- Business Owner
- Educator or Trainer
- Makeup Artist or Camouflage Therapist

The New York State Department of Labor has projected Skin Care Specialists to be one of the fastest growing occupations in New York City.

For more information, please visit: <https://labor.ny.gov/stats/lswage2.asp>

Estheticians and the related occupations earn money by salary, commission and gratuities. Some positions have benefits, such as health care and paid days off. Pay varies greatly depending on the individual's skills, presentation; part-time or full-time work; where they work, city or suburb; and area of professional concentration. The Department of Labor (DOL) publishes statistics of the average "skin care specialist" or esthetician's earnings in New York.

For more information, please visit: <https://www.bls.gov/ooh/personal-care-and-service/skincare-specialists.htm>

As the Esthetician becomes better with experience, so does their income.

Any profession in the Esthetics field requires a positive and caring attitude, excellent customer service ability and above all, good people skills. You sell yourself, products and services. If you have a passion for what you do, and continue your education in the field, you have the potential to become successful.

Welcome to a demanding and growing field where you contribute to health, wellness and beauty.

“Welcome to your future, where you create the future that you want. At Atelier Esthetique Institute of Esthetics, our staff and faculty are committed to helping you get there—educating and inspiring you to achieve excellence.”

The Physical Demands of a Career in Skin Care

When considering training for a career in Esthetics, students need to be aware of the physical demands of the industry in general. Students should consider these demands prior to enrollment:

Skin care professionals frequently:

- Repeat the same movements.
- Use their hands to handle, control, or feel objects, tools, or machines.

- Stand for long periods of time.
- Sit for long periods of time.

As such, it is important that skin care professionals:

- See details of objects that are less than a few feet away.
- Understand the speech of another person.
- Speak clearly so listeners can understand.
- Hold the arm and hand in one position or hold the hand steady while moving the arm.
- Use fingers to grasp, move, or assemble very small objects.
- Use one or two hands to grasp, move, or assemble objects.

Skin care professionals should also be able to:

- See differences between colors, shades, and brightness.
- Make quick, precise adjustments to machine controls.
- Move two or more limbs together (for example, two arms, two legs, or one leg and one arm) while remaining in place.
- Use stomach and lower back muscles to support the body for long periods without getting tired.
- Bend, stretch, twist, or reach out.
- Use muscles to lift, push, pull or carry heavy objects.
- Use muscles for extended periods without getting tired.
- Be physically active for long periods without getting tired or out of breath.
- Determine the distance between objects.
- See details of objects that are more than a few feet away.

Estheticians and related occupations will work with chemicals and need to be aware of their own sensitivities and possible allergies as well as the sensitivities or allergies of their clients. Estheticians need to be conscious of ways to alleviate the strain of sitting, standing or repetitive motions—which may be part of the job. Maintaining good posture will help avoid straining the back, legs and feet. Wearing low-heeled shoes and support hosiery will provide comfort and reduce the possibility of varicose veins.

Transfer of Instructional Hours

Students who have attended other esthetics schools or post-secondary educational institutions that have been recognized and approved by a state or federal agency and wish to have their records evaluated for transfer of instructional hours, must submit transcripts, catalogs and/or course descriptions to the Education Director and/or School Director for evaluation prior to beginning studies at Atelier Esthetique Institute of Esthetics. (The evaluation of records for transfer hours cannot occur after training has commenced.)

The Education/School Director will evaluate the records submitted for transfer. Only coursework of like content will be considered. Students must have achieved a minimum grade of C to qualify for transfer. Transfer hours on specific topics will be granted and limited to the number of hours on the same topics taught in Atelier Esthetique Institute of Esthetics' course. The final decision

on the acceptance of transfer hours lies with the Education/School Director.

The student's enrollment agreement and tuition charges will be adjusted and pro-rated based on the number of transfer hours accepted. The transfer hours received will be recorded as attempted and completed on the student's academic transcript and will have no impact on the student's GPA (Grade Point Average) or SAP (Satisfactory Academic Progress). A copy of the accepted transfer hours will remain in the student's academic file.

Atelier Esthetique Institute of Esthetics cannot guarantee the acceptance of course hours or academic coursework earned at the school by any outside institution. The school does not issue credit for professional or life experience and advanced standing.

Re-admission

Students who wish to re-enroll in the school may do so only once with the approval of the Education/School Director. A waiver of this policy is considered only in extraordinary or extenuating circumstances. Students who re-enroll within 180 days of their last date of attendance will return in the same satisfactory academic progress status as at the time of withdrawal.

Non-immigrant Status

Atelier Esthetique Institute of Esthetics is approved by the U.S. Department of Homeland Security to accept non-immigrant students with an I-20, M-1 visa. To apply, individuals must contact the school and speak with the Admissions Director and School Director to review the process and requirements.

Ability to Benefit

Students who are beyond the age of compulsory education and lack a high school diploma or its equivalent—and those who can benefit from the education or training offered at Atelier Esthetique Institute of Esthetics—may be accepted for admission.

To be admitted based on his or her ability to benefit, the student must complete a nationally recognized test that measures the applicant's aptitude to successfully complete the course to which he or she has applied. Students taking a course of 600 hours or more, after enrollment, must satisfactorily complete a minimum of 225 clock hours. All documentation including results of test administered, passing scores, student scores, and counseling records are maintained in the student's file.

Limitations to Enrollment

All students are required to give and receive facial and body treatments, waxing and makeup procedures during their course of study. If a student suffers from any condition requiring medical attention, please consult with your physician prior to starting school to determine if you can administer or receive facial treatments, waxing and makeup.

Students with Disabilities

Students with disabilities must provide written documentation, prior to enrollment, from a licensed professional together with recommended accommodations requested. Documentation must be submitted to the School Director and/or Director of Education who will consider all requests for accommodations as to whether or not they can be granted in conjunction with the above limitations to enrollment.

Good Attendance

Atelier Esthetique Institute of Esthetics is focused on providing an academic experience that prepares the student in every way for the expectations in the esthetics field. Students who miss class hours do not receive the benefits of instructor-led training, the demonstrations and hands-on practice needed. Poor attendance, tardiness or early departure can substantially affect the student's ability to master the knowledge and skill objectives for satisfactory completion of the course. Due to the nature of the career-focused training provided, students must be physically present to learn and to acquire the greatest understanding from the real-world, hands-on classroom experiences. Good attendance as a student will prove to be invaluable as a graduate where the employer will require dependability and punctuality. Students are expected to be on time and attend all scheduled classes. This is the expectation in the work environment; therefore, it is the expectation at Atelier Esthetique Institute of Esthetics. The attendance policy is designed to promote and develop the discipline of regular and prompt attendance. Regardless of the level of

technical expertise, an employee is only valuable when present on the job. In the event of an emergency or an unavoidable absence, a student must contact their instructor.

Due to New York State licensing requirements, all missed hours must be made up by the student as one of the qualifications for graduation.

Satisfactory Academic Progress Policy

The Satisfactory Academic Progress Policy applies to all students enrolled at Atelier Esthetique Institute of Esthetics. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS), the New York State Education Department and the federal regulations established by the United States Department of Education.

Students in all schedules (day, partial day, evening and weekend) must maintain Satisfactory Academic Progress throughout their program. Students must also maintain satisfactory progress in both the completion of scheduled clock hours (pace) and academic grade requirements (qualitative). To be considered to be making Satisfactory Academic Progress toward graduation, students must maintain their attendance at a pace that leads to completion within maximum timeframe and achieve a cumulative minimum grade point average.

If a student falls below the minimum established standards for attendance and/or grade point average at an SAP evaluation point, the student is given a Financial Aid Warning. If a student continues to fall below the minimum standards at the next SAP evaluation point, the student will lose eligibility for Title IV Federal Financial Aid and may be permitted to continue on a cash-pay basis or be dismissed from the school.

The student may appeal this decision by providing information on extenuating circumstances, such as an injury, illness of the student, or death of a relative, and evidence supporting the reasons for non-compliance by contacting the Director of Education and/or School Director within 10 calendar days. If the student is successful in their appeal regarding the school's decision on Satisfactory Academic Progress, the student will be placed on Financial Aid Probation and may continue with his/her studies. A student on Financial Aid Probation is eligible to receive Title IV Federal Student Aid during the probationary period once the required hours are achieved. If at the end of the probationary period, the student has failed to achieve Satisfactory Academic Progress, they will lose eligibility to receive Title IV Federal Student Aid and may be dismissed from the school.

Evaluation Periods

Each course is broken down into evaluation points at which time Satisfactory Academic Progress is measured for each student by the Director of Education and/or School Director. Federal student aid evaluation periods are determined by the total scheduled hours of the course after each established payment period, based on the course schedule. While students are evaluated for SAP following each payment period to ensure they are meeting the minimum pace and cumulative GPA in accordance with federal law, under New York law, students also are

monitored according to the following schedule to ensure students are making progress and to offer academic advising if needed. These additional monitoring reviews are distributed to the student in writing within seven days after the following periods:

Esthetics & Esthetics Hybrid Course:

Full-day Schedule: Every 150 scheduled clock hours

Partial-day Schedule: Every 100 scheduled clock hours

Evening Schedule: Every 75 scheduled clock hours

Weekend Schedule: Every 60 scheduled clock hours

Master Esthetics Course:

Every 150 scheduled clock hours

Waxing/Superfluous Hair Removal Course:

37.5 and 75 scheduled clock hours

Reviews performed at the midpoint of the payment period (which do not count as evaluation points for federal student aid purposes) will determine if the student is meeting the minimum requirements for Satisfactory Academic Progress under New York law, and if not, the student will be placed on NY Academic Warning and provided additional academic advisement. The frequency of the reviews ensures that students have had at least one review by the midpoint in the course, which ensures that students are making progress in completing their course.

Signed copies of the progress report evaluations issued in accordance with New York law are provided to the student and maintained in their file.

Attendance Progress Evaluations (Pace)

Students are required to attend a minimum of 90% of the hours possible based on the applicable attendance schedule to be considered maintaining satisfactory attendance progress when the clock hours in the payment period have elapsed. However, federal financial aid disbursements cannot be made unless the student successfully completes 100% of the clock hours in the payment period. Evaluations are conducted at the end of each payment period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 90% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Timeframe

Atelier Esthetique Institute of Esthetics defines an academic year as 900 hours. The maximum time frame (which does not exceed 111% of the course length) allowed for students to complete each course in Satisfactory Academic Progress status is stated as follows:

COURSE	SCHEDULE	WEEKLY HOURS	WEEKS	MAXIMUM TIMEFRAME WEEKS	MAXIMUM TIMEFRAME HOURS
Esthetics	Day	37.5	16	17.7	666
Esthetics	Partial Day	25	24	26.6	666
Esthetics	Evening	18.75	32	35.5	666
Esthetics	Weekend	15	40	44.4	666
Esthetics Hybrid	Day	37.5	16	17.7	666
Esthetics Hybrid	Partial Day	25	24	26.6	666
Esthetics Hybrid	Evening	18.75	32	35.5	666
Esthetics Hybrid	Weekend	15	40	44.4	666
Master Esthetics Course	Day	37.5	24	26.6	999
Waxing/Superflous Hair Removal	Day	37.5	2.2	2.2	83.25
Waxing/Superflous Hair Removal	Evening	15	5	5.5	83.25
Waxing/Superflous Hair Removal	Weekend	15	5	5.5	83.25

The maximum timeframe allowed for students with transfer hours, who need to complete less hours than the full course requirements, will be based on 111% of the scheduled contracted hours. For students on an approved Leave of Absence, the contracted completion date as well as the maximum time frame will both be extended by the same number of calendar days taken in the Leave of Absence.

Students who have not completed the course within the maximum time frame may continue as a student on a cash pay basis for the additional hours needed for graduation. (Please see Summary of Fees on page 39.)

Academic Progress Evaluations (Qualitative)

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are required to complete several theory and practical evaluations. Academic learning is evaluated after each topic of study. If the evaluation does not meet the minimum passing grade of 75%, the student will be permitted one opportunity to repeat the evaluation. The student will receive the higher of the two grades.

Students must maintain a cumulative minimum grade point average of 75% and receive a minimum average grade of 75% or better at each evaluation of Satisfactory Academic Progress at the end of a payment period, including the final written and practical exams combined to graduate. Students must make up any missed exams or practical evaluations. Numerical grades are recorded according to the following scale:

Grade Scale

90–100	Excellent
80–89	Very Good
75–79	Satisfactory
74 and below	Unsatisfactory/failure

Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students will receive a copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress are placed on Financial Aid Warning for one payment period and will remain eligible for Title IV federal financial aid funding.

Financial Aid Probation

If a student does not meet the minimum requirements for academics and attendance at the next evaluation point after being on Financial Aid Warning, the student may be dismissed from the course unless the student has prevailed upon appeal resulting in a status of Financial Aid Probation.

Students are placed on Financial Aid Probation, only if they appeal the decision of losing Title IV eligibility and/or dismissal from the school and prevail upon the said appeal. Additionally, only students who can meet Satisfactory Academic Progress standards by the end of the next evaluation period may be placed on Financial Aid Probation.

Students who are successful in appealing the loss of Title IV eligibility and/or dismissal from the school are placed on an academic plan and must be able to meet the requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain Satisfactory Academic Progress by the next evaluation.

If at the end of the Probationary period, the student has still not met both the attendance and academic requirements required for Satisfactory Academic Progress as outlined in the academic plan, he/she will be determined as *not* making Satisfactory Academic Progress and, if applicable, will be deemed ineligible to receive Title IV financial aid funds.

Appeal Procedure

If a student is determined to not be making Satisfactory Academic Progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance in the institution's discretion. The

student must submit a written appeal to the school on the designated form describing why they failed to meet Satisfactory Academic Progress standards, along with supporting documentation of the reasons why the determination of the failure to meet Satisfactory Academic Progress standards should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the student will continue in attendance and Title IV financial aid will be reinstated, if applicable.

Re-establishment of Satisfactory Academic Progress

Students may re-establish Satisfactory Academic Progress and Title IV financial aid, as applicable, by meeting minimum attendance and academic requirements by the end of the period of Financial Aid Probation.

Interruptions, Course Incompletes and Withdrawals

Please see the Leave of Absence Policy. The school does not issue incompletes. Students who withdraw prior to completion of the program and wish to re-enroll within 180 days will return in the same Satisfactory Academic Progress status as at the time of withdrawal.

Noncredit, Remedial Courses and Repetitions

Noncredit, remedial courses and course repetitions do not apply at Atelier Esthetique Institute of Esthetics. As such, these items have no effect upon the school's Satisfactory Academic Progress standards.

Transfer Hours

Student's transfer hours will be counted as both attempted and earned hours for the purpose of evaluating when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on the actual number of contracted hours.

Readmission

If a student was terminated based on not meeting the Satisfactory Academic Progress standards, the student may appeal the loss of eligibility explaining their extenuating circumstances and what has changed in the student's situation which would permit the student to meet the *Satisfactory Academic Progress* standards and progress to graduation. If the appeal is granted, the student may be readmitted and placed on Financial Aid Probation.

Leave of Absence Policy

A Leave of Absence (LOA) may only be granted to a student under the following circumstances: student prolonged illness or injury; the student is a primary caregiver to a family member with an illness or injury; death in the family; or personal hardships that make attendance in class impractical or impossible. Documentation of the request is required.

Students must follow the Leave of Absence Policy when requesting an LOA. Students must request a Leave of Absence in advance of the date of the leave (unless unforeseen circumstances prevent the student from doing so). The request for an LOA must be in writing (electronic is

acceptable); include the reason for the LOA; and be signed by the student (electronic is acceptable).

The school may grant an LOA to a student whose request was not provided in a timely manner due to unforeseen circumstances. The school will document its decision to grant the LOA and request the form from the student at a later date; establishing the start date of the LOA based on the student's inability to attend classes.

No additional tuition charges will be assessed to the student because of requesting a Leave of Absence. A student who is granted an LOA in accordance with the school's policy, is not considered to have withdrawn and that no refund calculation is required at that time. The student's contract period (and maximum time frame) will be extended by the same number of calendar days taken in the LOA and that such changes to the contract period will be initialed by all parties on the enrollment agreement.

Students will not be granted a Leave of Absence, if the LOA, together with any additional LOAs previously granted, exceed a total of 180 calendar days in any 12-month period.

The student will be withdrawn if the student takes an unapproved Leave of Absence or does not return to school by the expiration date of an approved Leave of Absence. The student's last day of attendance will be used to perform a refund calculation.

Withdrawals and Refunds

- Students who wish to withdraw from school must notify the School Director verbally or in writing. The date the notification is received is the date of determination of Official Withdrawal. The School Director begins the withdrawal process, and for purposes of determining institutional charges and refunds where applicable, the student's last date of attendance will be used.
- Students who withdraw from their contracted course or fail to complete their training will have a notice placed in their file as to their progress at the point of withdrawal.
- Students who re-enroll may do so only once with the approval of the School Director. A waiver of this policy is considered only in extraordinary or extenuating circumstances.
- Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal and will continue in that status until the next evaluation point.

Making Up Missed Work

Atelier Esthetique Institute of Esthetics is focused on providing an academic experience that prepares the student in every way for the expectations of their chosen career field. Students who miss class hours do not receive the benefits of instructor-led training, the demonstrations and hands-on practice needed in their respective career fields. Poor attendance, tardiness, or leaving early can substantially affect the student's ability to master the knowledge and skill objectives for satisfactory completion of the course. Due to the nature of the career-focused training provided, students must be physically present to learn and to acquire the greatest understanding from the real-world, hands-on classroom experience. Good attendance as a student will prove to be invaluable as a graduate where the employer will require dependability and punctuality.

Students are expected to be punctual and attend all scheduled classes. This is the expectation in the work environment; therefore, it is the expectation of Atelier Esthetique Institute of Esthetics. The attendance policy is designed to promote and develop the discipline of regular

and prompt attendance. Regardless of the level of technical expertise, an employee is only valuable when present on the job. In the event of an emergency or an unavoidable absence, a student must contact their instructor and/or the Director of Education. Atelier Esthetique Institute of Esthetics encourages students to meet with their instructor to review the material missed during their absence. Students are responsible for making up all missed work from class, including written assignments, practical procedures and missing exams. The make-up work policy and instructions are posted near the student time clock.

A student who demonstrates consistently poor attendance may be dismissed from the school.

Times available to make-up work are limited and must be scheduled as soon as practicable for both the student and the school. Make-Up work does not cancel absences. Students wishing to Make-Up Work must list the work missed and have the written approval of the instructor. Make-Up work will be assigned based on work missed. The Make-Up Work Form must be completed by the student, approved by the instructor, and submitted to the Director of Education or School Director for approval.

Financial Assistance

Veteran's Benefits

The school is approved by the U.S. Department of Veterans Affairs for applicants who are eligible for a variety of veteran's educational-based benefit programs. This includes a dependent or spouse of a deceased Veteran. Students should contact the Veteran's Administration Office to determine program eligibility and amount of coverage available.

Federal Financial Aid

Federal Financial Aid is available to qualified students who are enrolled in eligible programs. Students should avail themselves of any federal aid for which they may be eligible. To apply, complete a Free Application for Federal Student Aid (FAFSA online at: www.fafsa.ed.gov).

For many students, Federal Financial Aid only offsets a portion of their educational expenses. Applying for aid is a multi-step process. The type of aid a student can receive will be dependent upon several factors, including, but not limited to: the program a student is pursuing, the student's income, and any contributions from the student's family. The Financial Aid Officer

can explain the types of aid available, offer advice regarding the advantages of different programs, and instruct prospective students on how to apply, to help find a financing option that is best suited for them.

Educational Expense Payment Plan

Tuition Payment Plans are available to assist students with monthly obligations. Students can inquire in the Admissions or Financial Aid departments. The school accepts payment in the form of cash, check, money order, credit/debit card (Visa, MasterCard, American Express, or Discover), or bank wire transfer.

Students participating in an Educational Expense Payment Plan must make their payments in a timely manner, according to the schedule of payments established. The school uses a third-party servicer—TFC Tuition—for this purpose. A one-time set up fee of \$50 is included with the payment plan. Students whose payments are not received within 14 days of the due date, are subject to suspension from class school until the payment is made. Non-payment of financial obligations may result in dismissal from the school.

Alternative financial arrangements may be available at the discretion of the School Director.

Summary of Other Fees

- Returned Check Fee: \$35.
- Transcript Fee (after initial receipt): \$25.
- Replacement of all Graduation documents (diploma, transcript, and affirmation): \$50.
- Additional Hours needed for Graduation beyond maximum timeframe: pro-rated tuition plus lab & materials fee (\$19.10 per hour for Esthetics & Esthetics Hybrid and \$20.75 per hour for Master Esthetics Course) and pro-rated tuition of \$24.00 per hour for Waxing/Superfluous Hair Removal course.

Tuition Payments, Balance and Collections

Tuition payments for all educational expenses are to be made, at minimum, on a monthly basis. All educational expenses must be covered by tuition payments, financial aid, agency benefits, or by a combination of these methods.

Tuition balances must be paid in full by any of the above methods no later than the student's contracted date of graduation. Alternative arrangements may be approved by the School Director in advance of the student's contracted graduation date.

Students who have been terminated or withdrawn from the school are required to pay any outstanding tuition balance within 30 days of their last date of attendance.

Graduates and students who fail to pay their outstanding tuition balance as indicated above are subject to collections activity through a 3rd-party company and negative credit reporting.

Completion diploma, certificates and licensing documents will be withheld until all outstanding tuition balances have been satisfied.

Tuition Reimbursement Fund

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending New York licensed private schools. If a school closes while you are in attendance prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the Bureau of Proprietary School Supervision, New York State Education Department, 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone (212) 643-4760. Return of Title IV Funds Policy

The U.S. Department of Education has established the Return of Title IV Funds (R2T4) policy to determine the amount of Federal Financial Aid earned when a student withdraws prior to completing his or her program. The R2T4 policy applies to Title IV recipients. It includes Title IV aid that was disbursed, or aid that could have been disbursed, during the payment period.

If a Title IV Funds recipient withdraws during a payment period, the amount of Title IV assistance that the student has earned up to that point is determined on a pro-rata basis, up to and including 60% of the payment period. The percentage of Title IV Aid earned is determined by dividing the number of clock hours scheduled for completion during the payment period as of the date of withdrawal, by the total number of clock hours in the payment period. After a student has completed more than 60 percent of the payment period, they will have earned 100% of the Title IV funds due for the payment period.

For example, if a student completes 30% of the payment period, they will have earned 30% of the Title IV assistance they were originally scheduled to receive in that payment period. If a student withdrew at 65% of the payment period, they will have earned 100% of the Title IV assistance they were originally scheduled to receive in that payment period.

Students who withdraw prior to receiving their federal funds may be entitled to a post withdrawal disbursement. To qualify, these students must meet current required conditions for

a late disbursement within the allotted eligibility period.

If it is determined that a student owes a repayment of grants to the U.S. Department of Education, that student will receive a letter notifying them of this debt within 30 days after determination of the withdrawal. The student has 45 days to respond to the notice that he or she owes an overpayment. The student must either repay the amount in full to the school or make satisfactory payment arrangements with the Department of Education to repay the amount. If the student fails to respond within the 45-day timeframe, fails to repay the overpayment or fails to make payment arrangements, that student will lose his or her eligibility to receive future federal financial aid at any institution.

Atelier Esthetique Institute of Esthetics will return unearned Title IV funds no later than 45 days from the date of determination that the student has withdrawn. Funds will be returned in the following order:

- Unsubsidized Federal Stafford Loan
- Subsidized Federal Stafford Loan
- Unsubsidized Direct Stafford Loan
- Subsidized Direct Stafford Loan
- Federal PLUS Loan
- Direct PLUS Loan
- Federal Pell Grant

Licensed Private Schools in New York State

Schools are required to give this disclosure pamphlet to individuals interested in enrolling in their school.

What is the purpose of this pamphlet?

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights regarding filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Trade schools which are licensed by the New York State Education Department and business schools which are registered by this Department are required to meet very specific standards under the Education Law and Commissioner's Regulations. These standards are designed to help ensure the educational appropriateness of the programs which schools offer. It is important for you to realize that the New York State Education Department's Bureau of Proprietary School Supervision closely monitors and regulates all non-degree granting proprietary schools. The schools are required to have teachers meet standards to be licensed by the Department. Schools are also required to have their curriculum approved by the New York State Education Department every three years, thereby helping to ensure that all curriculum offered in the schools are educationally sound.

In addition, staff members of the Bureau of Proprietary School Supervision are often in the school buildings monitoring the educational programs being offered. The interest of the New York State Education Department is to ensure that the educational program being offered meets your needs and that your financial investment is protected. The New York State Education Department's Bureau of Proprietary School Supervision wishes you success in your continued efforts to obtain the necessary skill training to secure meaningful employment. In addition, Bureau staff will continue to work with all the schools to help ensure that a quality educational program is provided to you.

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private or Registered Business School in the State of New York and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

What can a student or employee complain about?

You may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition and other charges, school

license or registration, school and student records, and private school agents.

How can a complaint be filed by a student or employee?

You should try to resolve your complaint directly with the school unless you believe that the school would penalize you for your complaint. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the school director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you have taken to attempt to resolve your complaint.

The steps you must take to file a complaint with the New York State Education Department are:

1. Write to the New York State Education Department at 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail.
2. If you cannot come for an interview, send a letter or call the office to request a complaint form. You must complete and sign this form and mail it to the office. Please include with it copies of all relevant documents. You should keep the originals. ***You must file a complaint within two years after the alleged illegal conduct took place.*** The Bureau cannot investigate any complaint made more than two years after the date of the occurrence.
3. The investigator will attempt to resolve the complaint as quickly as possible and may contact you in the future with follow-up questions. You should provide all information requested as quickly as possible; delay may affect the investigation of your complaint. When appropriate, the investigator will try to negotiate with the school informally. If the Department determines that violations of law have been committed and the school fails to take satisfactory and appropriate action, then the Department may proceed with formal disciplinary charges.

What is the Tuition Reimbursement Fund?

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending proprietary schools. If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or

the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancelation policy?

All schools must have a tuition refund and cancellation policy for each program included in the catalog and in the student enrollment agreement.

Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the school's explanation, get help before you sign. You may ask for assistance from the Department at the address included in this pamphlet.

What should students know about "private school agents"?

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee. Each school agent must be licensed by the New York State Education Department, must have an Agent identification card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if there is evidence that the agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included in this page.

What should students know about "grants and guaranteed student loans"?

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, New York State Tuition Assistance Program (TAP) grants or Pell grants provided by the federal government). Guaranteed student loans are low interest loans provided under the Federal Guaranteed Student Loan Program. The decision to apply for such a loan is yours--the school cannot require that you apply for a loan. You should understand that if you pay school tuition with money loaned to you from a lender you are responsible for repaying the loan in full, with interest, in accordance with the terms of the loan agreement. A failure to repay the loan can hurt your credit rating and result in legal action against you. Even if you fail to complete your educational program, you are still responsible for repaying all the money loaned to you. It is your right to select a lender for a guaranteed student loan. The school cannot require you to apply to a particular lender or lending institution. However, the

school can recommend a lender, but if it does, the school must also provide you with a statement about your right and ability to obtain a loan from another lender and the insurance premiums charged on these loans. Read and understand all the information and applications for financial aid grants and loans before signing.

Where can students file a complaint, file a claim to the tuition reimbursement fund, or get additional information?

General Title IV Student Eligibility Requirements

Federal Financial Aid is available for qualified students who are enrolled in eligible programs. Atelier Esthetique Institute of Esthetics highly recommends that all students take advantage of any federal aid for which they may be eligible.

To apply, complete a free FAFSA application online <http://studentaid.gov>. For many students, federal financial aid only offsets a portion of their educational expenses. Applying for financial aid is a multi-step process. The kind of aid a student can receive will be dependent upon several factors, including, but not limited to: the program a student is pursuing, the student's income, and any contributions from the student's family.

The Financial Aid Office can explain the types of aid available, offer advice regarding the advantages of different programs, and instruct prospective students on how to apply, in order to help find a financing option that is best suited for each student.

Financial Aid Applications

Financial Aid Applications may be completed at: <http://studentaid.gov>. Students who do not have access to the web may ask for assistance from the Financial Aid Office and complete the FAFSA in school. Students are encouraged to apply early to ensure Financial Aid is completed in a timely manner, to have aid available by the beginning of class. Students may be excluded from a class if the Financial Aid process is not complete.

Financial Aid Program Participation

Atelier Esthetique Institute of Esthetics is approved to participate in the following programs:

Federal Pell Grant (PELL)

Pell grants are the foundation of federal student financial assistance to which aid from other federal and nonfederal sources might be added. These grants are generally awarded to undergraduate students and the award amounts can change yearly. Unlike loans, grants are not repaid unless, for example, you withdraw from school prior to the planned program

completion date. All federal grants are awarded to students with financial need. The amount of your Federal Pell Grant depends on your cost of attendance, expected family contribution, enrollment status (course length) and whether you attend for a full academic year or less. For more information, visit: <https://studentaid.gov/understand-aid/types/grants/pell>

William D. Ford Federal Direct Loan Program

Student loans, unlike grants, are borrowed money (monies) that must be repaid with interest. Loans made through this program are referred to as Direct Loans. Eligible students and parents borrow directly from the U.S. Department of Education. For more information visit <https://studentaid.gov/help-center/answers/article/federal-direct-loan-program>.

There are three types of loans in the program:

Subsidized Stafford Loan

A student can borrow this type of loan to cover some or all of their school expenses. The U.S. Department of Education pays the interest (5.50% for the 2023-2024 school year) while you're in school at least half-time and for the first six months after you leave school (grace period). The amount of the loan cannot exceed a student's financial need. For more information visit <https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized>

Unsubsidized Stafford Loan

A student can borrow this type of loan to cover some or all of their school expenses. The U.S. Department does not pay interest on subsidized loans. A student is responsible for paying the interest that accrues on the loan from the time the loan is disbursed until it is paid in full. The fixed interest rate is 5.50% for the 2023-2024 year and can be paid while attending school, during a period of deferment or forbearance, or it can be accrued and the interest added to the principal amount of the loan. For more information visit <https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized>

PLUS Loans

Parents of dependent students can borrow from the PLUS Loan program. The terms and conditions of this type of loan include a requirement that the applicant must not have an adverse credit history. The repayment period will begin on the date of the last disbursement of the loan and there will be a fixed interest rate of 8.05% for 2023-2024 year. For more information visit <https://studentaid.gov/understand-aid/types/loans/plus/parent>.

All students participating in the William D. Ford Federal Direct Loan Program must complete Entrance and Exit Counseling regarding the responsibilities of obtaining an educational loan and repaying the loan, at <http://studentaid.gov>.

Entrance Counseling: <https://studentaid.gov/help-center/answers/article/entrance-counseling>. The school provides notification of student borrower loans to the National Student Loan Data System and be accessible to guaranty agencies, eligible lenders, and eligible institutions.

Any student interested in this type of benefit must verify with the school representative that the school is eligible for benefits. For more information visit: <https://www.va.gov/education>.

Financial Aid is available for those who qualify and the student is subject to the applicable terms of the loans or grants for which they applied.

Verification

Selection of Applicants to be Verified

Applicants are verified as required by CPS on the ISIR results.

Acceptable Documentation & Forms

A student completes the verification worksheets and attaches the appropriate tax forms or alternative document(s). Atelier uses the standard Verification Documents prescribed by the US Department of Education.

Data Elements to be Verified

Household size, number enrolled in college, adjusted gross income (AGI), U.S. income tax paid, and certain untaxed income and benefits. In addition to verifying these required items for CPS-selected students, Atelier or the US Department of Education may choose to verify any other application items, which may reflect a conflict of information.

Timeline

Documents requested from the student or parent for Verification must be provided within 10 business days of the request from the Financial Aid Office. Failure to provide the documents requested for Verification may result in not receiving Financial Aid and/or interruption of the student's education.

Student Notification of Verification Changes

Any change of Award after this letter, due to Verification or other issues will be communicated

to the student in writing, within three days of notification to the school. Any overpayment due to student or school misinformation will be referred to the US Department of Education.

Award Package Notification

An estimate of Financial Aid may be given to a student, after the student has Applied for Admission and been accepted. This estimate is subject to change, depending on additional information or verification. All students receive written notification of an Award Package. Students must accept or reject any Grant or Loan awarded in writing. Students may also decline a loan or any portion thereof.

Financial Aid is distributed in two disbursements. The first disbursement may be made as soon as the second week of class or later. The second disbursement may be made after the student completes the first half of the course in Satisfactory Academic Progress.

Notification of Posting and Disbursements of Direct Loan Amounts

Students will be notified, within 3 days, in writing of amounts credited to a student account from a Direct Loan, with the provision that the student may cancel the loan, within 14 days, by contacting the Financial Aid Office and signing the appropriate document.

Professional Judgement

Students requesting consideration for changed financial or personal issues affecting Financial Aid will be asked to provide documentation of reason for any change requiring Professional Judgment.

Return of Title IV Funds Policy

- The U.S. Department of Education has established the Return of Title IV Funds (R2T4)
- Policy to determine the amount of federal student aid earned when a student withdraws prior to completing his or her program. The R2T4 policy applies to Title IV recipients. It includes Title IV aid that was disbursed, or aid that could have been disbursed, during the payment period.
- If a Title IV Funds recipient withdraws during a payment period, the amount of Title IV assistance that the student has earned up to that point is determined on a pro-rata basis, through 60 percent of the payment period. The percentage of Title IV Aid earned is determined by dividing the number of clock hours scheduled for completion during the payment period as of the date of withdrawal, by the total number of clock hours in the payment period. Once a student has completed more than 60 percent of the payment period, he or she has earned all of the Title IV funds due for the payment period. For example, if students complete 30 percent of the payment period, they have earned 30 percent of the assistance they were originally scheduled to receive in that payment period.
- Students who withdraw prior to receiving their federal funds may be entitled to a post withdrawal disbursement. To qualify, these students must meet current required conditions for a late disbursement within the allotted eligibility period.
- If it is determined that a student owes a repayment of grants to the U.S. Department of Education, that student will receive a letter notifying him or her of this debt within 30

days after determination of the withdrawal. The student has 45 days to respond to the notice that he or she owes an overpayment. The student must either repay the amount in full to the school or make satisfactory payment arrangements with the Department of Education to repay the amount. If the student fails to respond within the 45-day time frame, fails to repay the overpayment or fails to make payment arrangements, that student will lose his or her eligibility to receive future federal financial aid at any institution.

- Atelier Esthetique Institute of Esthetics will return unearned Title IV funds no later than 45 days from the date of determination that the student has withdrawn. Funds will be returned in the following order:
 - Unsubsidized Federal Stafford Loan
 - Subsidized Federal Stafford Loan
 - Unsubsidized Direct Stafford Loan
 - Subsidized Direct Stafford Loan
 - Federal PLUS Loan
 - Direct PLUS Loan
 - Federal Pell Grant

Re-entry and Readmission

A student who re-enters the same course of study within 180 days of their last date of attendance, and received Title IV funding, will have their tuition charges and financial aid re-instated.

Students who apply for re-admission beyond 180 days of their last date of attendance will have their academic record reviewed to determine what (if any) course hours completed may be applied to the new course. The student will be responsible for the current and prevailing tuition rate for all hours required to complete the new course. In addition, the student will need to re-apply for Title IV financial aid toward the new course tuition charges. Any prior tuition balance must be paid in full by the student prior to re-enrollment. Financial Aid funding for the new course does not cover prior tuition balances.

Title IV Loan Counseling

Entrance Counseling

- To be completed prior to student receiving first Direct Loan disbursement.

Exit Counseling

- To be completed after the first half of the course and prior to graduation. Students are referred to: <https://studentloans.gov> to complete Entrance Counseling and Exit Counseling. Students may not receive their first Direct Loan disbursement prior to completing Entrance Counseling. Students may not graduate without completing Exit Counseling. Students receive follow-up e-mails from Atelier reminding them to complete Exit Counseling and plan for repayment.

Students who withdraw from school prior to completing their course of study receive letters advising them of procedures to follow to complete Exit Counseling and to successfully repay their loan obligation.
